

Gem State Developmental Center, Inc., provides individualized therapeutic evaluations and services for children and adults with developmental disabilities. Our therapy focuses on individualized goals and objectives developed by professionals, family, care providers and support staff.

## About Us

Gem State Developmental Center, Inc. opened in 1983 and was the first privately owned and operated Developmental Disability Agency (DDA) in Idaho. The owners, Martin & Rosalie Landholm owned and operated several ICF/MR group homes in the area for several years prior to opening the DDA. We are very proud to offer the highest quality supportive and innovative developmental therapy services. Many of our administrative and therapy staff members have been with the company for many years.
