

We Will Make a Difference!

- We provide individualized, continual and uninterrupted services and supports to children and adults with disabilities.
- We encourage individuals to maximize their skills and strengths for greater independence, self-direction and positive social behaviors.
- In a supportive, family-oriented environment, we are compassionate at assisting, helping and equipping others to manage their day-to-day activities for optimum success.

"When my son began at GSDC he had so many behavioral issues. Since that time, we have seen such a positive turnaround. I feel so blessed that we have found GSDC."

Lucy

"My daughter has improved in many areas since attending GSDC ... especially with money, making healthy choices and talking so that she can be understood".

Melanie

"If you are looking for a high quality program for developmentally disabled person in your family, we highly recommend Gem State Developmental Center."

In 1983, Martin and Rosalie Landholm opened the doors to the first privately owned and operated Developmental Disability Agency in Idaho. After a distinguished eighteen-year career working for the Department of Health and Welfare, Martin applied his knowledge and experience to create a company that would change lives. After years of successful business working with adults, the Landholms were able to expand their clientele to serve children with disabilities as well. Over the years, the company has continued to grow and impact both staff and participant's lives. Currently, GSDC serves hundreds of clients at four locations. Martin and Rosalie continue to run a flourishing

business as well as create lasting relationships in this exceptional establishment.
