

GEM STATE DEVELOPMENTAL CENTER

EXCEPTIONAL SERVICE FOR EXTRAORDINARY PEOPLE

208-888-5566

www.gsdccdda.com

Est. 1983

Gem State Developmental Center provides outpatient comprehensive assessments and therapeutic services and supports for children and adults with developmental disabilities. We encourage individuals to maximize their strengths for greater independence and self-direction while actively providing individualized, continual, and uninterrupted services and supports for people with disabilities and their families.

About Us

Gem State Developmental Center opened in 1983 and was the first privately owned and operated Developmental Disability Agency (DDA) in Idaho. The founders, Martin & Rosalie Landholm, owned and operated several ICF/MR group homes in the area for several years prior to opening the DDA. In 2019, the company was sold to Lori Jo Poole, a Licensed Clinical Social Worker and GSDC's Clinical Director of Adult Services, who has been with the company for over 20 years. Under our new ownership, we take pride in maintaining the same excellent levels of service and professionalism established by the Landholms, while looking forward to further development and growth in our existing and future relationships. We have a great team of compassionate, knowledgeable and experienced professionals and paraprofessionals.

If you are interested in becoming a part of our team or receiving services from the company, please contact us at (208) 888-5566 or gemstate@gsdccdda.com.
